Reference: Training for garden maintenance and Basic Irrigation

This letter confirms services rendered by JPJ Landscapes for the following training courses:

- Garden maintenance course – 4 day duration
- Basic Irrigation course – 1 day duration

The duration was from 2 September 2019 to 6 September 2019.

The instructor who conducted the training courses was professional and well versed in the training material presented, both theoretical and practical, to the staff in the Horticulture unit. We received positive feedback from staff who received the training, as well as from the instructor.

Due to their professionalism, the positive feedback received from staff and effectiveness of the training on our staffs' abilities to perform their duties efficiently, we can recommend JPJ Landscaping training courses.

Yours sincerely

EJ Bessick
